# Wake up to beautiful skin

**IMAGINE** a skincare range that is preservative free and delivers dramatic results in just two weeks. and delivered to your door step every two weeks.

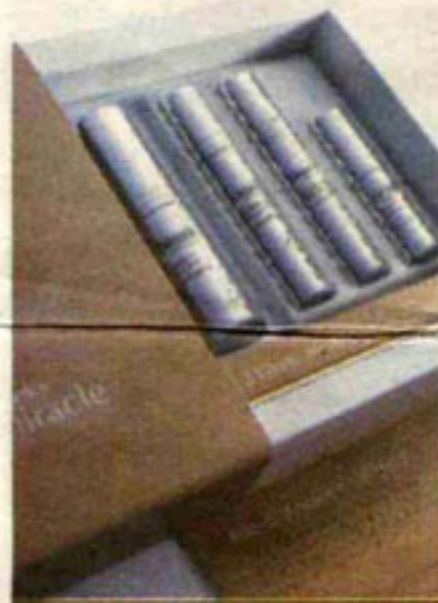

Now, with the introduction of Bioxil 2 Weeks Miracle, you can wake up to skin that is fresher,

softer and younger looking - all in just two weeks.

Grounded in science and biotechnology, the Bioxil 2 Weeks Miracle is a distinctive, scientific, futuristic skincare system. This weekly skincare programme is based on the combination of bio-cosmetology and natural ingredients, providing a professional home care programme with two product line: Ageless Miracle (anti-ageing and anti-wrinkle) and Clear White Miracle (skin brightening and anti-pigmentation). Two weeks of intensive use will encourage the skin's natural recovery function and restore youthful skin

texture and radiance.

Today, as more consumers are educated and healthy conscious, there is a natural need for organic products and preference of natural fresh products. Today's stressful lifestyle also orientates consumer's preference of handiness, home delivery, online or even home shopping.
